Instruction for Use Brightfish patient application "Insight" V1.0 – 3rd of July 2023

Instruction for Use Brightfish patient application "Insight" Version history

Version	Remark	Author
V1.0	22-06-2023	AH (Product owner)

Loggin on to the portal

BRIGHTFISH

When you arrive at the portal of your hospital, you will see a 'username' and 'password' field. Please insert the account information provided to you via email. That email will also contain instructions. After submitting these fields, you will be requested to enter a one-time password code received via SMS.

Explanation of the various navigation items in the portal

BRIGHTFISH

The navigation bar on the left contains the pages that your user is authorized to access. The right side of the portal is reserved for various data views for each specific page.

Data views can have a title and a description. This will help you interpret the data, know what the scores mean and assist in making decisions.
